✓ **How To Install the Discover Islam DVD**

Discover Islam Self Extracting (SFX) files

Double Click on [Discover Islam 2.0.part1.exe](#) and extract the files to C:\Temp folder or any folder. Once all the files are extracted, it will create the Discover-Islam.iso file.

✓ **OPEN DISCOVER ISLAM 2.0.ISO FILE**

The ISO is a common DVD image format for Windows, Linux and other operating systems.

- **METHOD 1 (PREFERRED METHOD**):** The simplest way to open Discover-Islam 2.0.iso file is to use your DVD Burner to burn them to a disk. Nero is a common program that is used, other programs can be used.
- **METHOD 2:** [7-Zip.org](#) or other unzip software will open the iso file and allow you to copy the contents of it to a folder (c:\Discover Islam) on your hard drive.

✓ **HOW TO RUN THE Discover Islam DVD ON WINDOWS PC**

The DVD should start the program automatically. If for any reason it doesn't enable Autostart, please Explore/Open the DVD and double click on **discoverIslam.exe**.

✓ **Designed for Windows PC (Vista and Windows 7):**

This DVD is packed with information that can be viewed (Audio and Video) on many of today's most popular portable devices including the iPad, iPod, PSP, PS3, Xbox, iPhone and Android devices. You can also listen to the audio in your Home/Car DVD player.
